Kapitza

Kapitza is the creative studio of sisters Petra and Nicole Kapitza, who share a passion for colour, patterns, mathematics and nature. The studio is collaborating with a wide range of international brands across the worlds of fashion, interiors, cosmetics, product design and publishing. Their clients include Comme des Garcons, Gucci, Clinique, USPS, TeNeues and IKEA.Kapitza have gained a global following for their innovative pattern art books which showcase their bold, colourful artworks. These artworks are the result of the studio's ongoing experimental research into geometric shapes and mathematic formulas as well as organic structures found in nature and mark making. Together with their intelligent conceptual colour language this defines the unique style of Kapitza's art.The publication of Kapitza's Geometric book in 2008 sparked a resurgence of geometric art in fashion, interiors and illustration, but the intelligence of their patterns and unique use of colour is unsurpassed.

William Morris

THE ORIGINAL MORRIS & Co
FOUNDED BY WILLIAM MORRIS IN 1861

William Morris (1834-1896) was the greatest designer and craftsman of the Arts & Crafts Movement (founded in 1887) influencing some of the most magnificent and fashionable products of the 19th Century. Morris placed great value on the joy of craftsmanship and the natural beauty of materials pioneered by The Arts & Crafts Movement which, eventually, emerged in Japan as the Mingei Movement.
Today, some 120 years after his death, William Morris' legacy lives on and the business he established continues to create, market and sell interior decoration coupled with an excellence of design style founded on his aesthetic strategy. Contained within his lecture, 'The History of Pattern Designing' is his most famous quotation: "Have nothing in your house that you do not know to be useful, or believe to be beautiful" which still has significance today.
